Compression and Inflammation

Friday October 25th

- 16.00 Get-together and registration at congress hotel
- 16.30 – 18.00 Hands-on Workshop:
**Pressure measurements under Velcro devices:
The needs of the future and current available study data**
Moderators: Els Brouwer (The Netherlands) & Attilio Cavezzi (Italy)
*Trainers: Hugo Partsch (Austria), Giovanni Mosti (Italy),
Sergio Giancesini (Italy), Marcelo Liberato (Brazil), Giorgio Bergamo (Italy)*
- 18.30 – 20.00 Guided tour through Bologna center
- 20.30 Dinner at Hotel I Portici

Saturday October 26th

- 8.00 Registration
- 8.45 Welcome: *Hugo Partsch (Austria) & Uwe Meyer (Germany)*
- 9.00 Introduction: CIRC and the “new” translational and epigenetic medicine
Attilio Cavezzi (Italy)
- 9.15 **1st scientific Session**
Chairman: Giovanni Mosti (Italy)
- 9.15 Venolymphatic diseases and inflammation
Ferdinando Mannello (Italy)
- 9.30 Compression stockings influence inflammatory biomarkers:
outcomes of a standing stress test
Christopher Lattimer (UK)
- 9.45 Leg lipodermatosclerosis tissue changes with and without stockings: results
from a clinical trial
Marina Berezko (Russia)
- 10.00 Discussion - *Discussant Daniele Bissacco (Italy)*
- 10.30 **2nd scientific session**
Chairman: Tomasz Urbanek (Poland)
- 10.30 Compression in post-varices treatment inflammation
Giovanni Mosti (Italy)
- 10.45 Superficial vein thrombophlebitis and compression
Jean-Patrick Benigni (France)
- 11.00 Post-sclerotherapy inflammation: what’s the influence of
compression
Eduardo DaMatta (Brazil)
- 11.15 Discussion – *Discussant Philine Schingale (Germany)*
- 11.30 Coffee

12.00 **3rd scientific session**

Chairman: Attilio Cavezzi (Italy)

- 12.00 Compression therapy in post-trauma inflammation and edema
Sergio Giancesini (Italy)
- 12.15 Anti-inflammatory action of sport stockings
Freddy Brown (UK)
- 12.30 Compression with adjustable velcro wraps in the inflammatory state of venous ulcer: rationale and personal data
Marcelo Liberato (Brazil)
- 12.45 Leg venous symptoms and inflammation: role of compression
Enric Roche (Spain)
- 13.00 Discussion - *Discussant Sarah Onida (UK)*

13.30 Lunch

14.30 **4th scientific session**

Chairman: Jean-Patrick Benigni (France)

- 14.30 Is compression improving vein symptoms through inflammation regulation?
Igor Zolotukhin (Russia)
- 14.45 Compression therapy in skin disimmunitary diseases:
Karin van der Wegen (The Netherlands)
- 15.00 Compression in inflammatory complications of lymphedema
Franz-Josef Schingale (Germany)
- 15.15 Inflammation/Edema in diabetic foot: a possible target for compression therapy?
NN

- 15.30 Influence of compression in reducing inflammation in PTS
Tomasz Urbanek (Poland)
- 15.45 Discussion - *Discussant Janine Dickinson (The Netherlands)*
- 16.15 Coffee
- 16.30 **5th scientific session**
Chairman: Thomas Noppeney (Germany)
- 16.45 Inflammation after GSV laser+sclerotherapy (SFALT) treatment:
the influence of two different stockings
Simone Ugo Urso (Italy) & Fausto Campana (Italy)
- 17.00 How can medical compression stockings reduce inflammation after varicose
vein surgery
Lefeng Qu (China)
- 17.15 Deep vein thrombosis and inflammation, microcirculation, influence of
compression
Takashi Yamaki (Japan)
- 17.30 Compression stockings in post-sclerotherapy inflammation
Stefan Guggenbichler (Germany)
- 17.45 Inflammation in Lipedema
Gyozo Szolnoky (Hungary)
- 18.00 Discussion - *Discussant Dimitri Lishov (Russia)*
- 18.30 Closing remarks
Uwe Meyer (Germany) & Attilio Cavezzi (Italy)
- 20.30 Dinner
